

# Woolly's Wander – Gallery One

Follow Woolly around the Heritage Centre and keep your eyes peeled because we want to see how much you paid attention with some questions afterwards!

Some are quite tricky, so you may need the help of an adult and to watch the video again!

Good luck!

- 1) What is Woolly playing with at the beginning?
- 2) How many horns does Woolly have?
- 3) What did lead mining do to the miner's gums?
- 4) There is a display of mining tools. Can you name one?
- 5) Does Woolly have a tail?
- 6) A Roman pig of lead is as heavy as a two-seater sofa! What did the other two panels have on them?
- 7) How many hats can you see on the wall?
- 8) What does Woolly go into at the end of the video?

Answers on the next page – no peeking...

# Woolly's Wander – Gallery One

ANSWERS:

**1) What is Woolly playing with at the beginning?**

He is playing with a model skeleton of a Woolly Rhino. Have you had a go? If not, make sure you visit the museum and try it out.... its free to children!

**2) How many horns does Woolly have?**

He has two. One is a bit smaller than the other.

**3) What did lead mining do to the miner's gums?**

It gave them a grey line – yuck!

**4) There is a display of mining tools. Can you name one?**

There are 2 two hammers as well as lots of other weird looking tools.

**5) Does Woolly have a tail?**

He certainly does!

**6) A Roman pig of lead is as heavy as a two-seater sofa! What did the other two panels have on them?**

A bowling ball and a washing machine can be found on the other two lift up panels.

**7) How many hats can you see on the wall?**

Two! This was a hard one, if you visit the centre you can try them on.

**8) What does Woolly go into at the end of the video?**

He crawled into the dream cave – if you haven't tried it already, come along and have a look to see if you can find the bones...

Well done!
